

Fort Bend County

Forage Testing Campaign

October 16 – November 14, 2017

Hay must be produced in Fort Bend County by the producer entering the sample, and must have been processed through a baler.

Entries must be a complete, conventional square bale, or enough forage from the middle of a round bale to completely fill a paper feed sack.

Do not bring a complete round bale.

Bring your sample to one of the three locations by November 14, 2017:
